

big xyt and **ETFbook** have joined forces to provide investors with a quick weekly summary of transparency in European ETPs, by consolidating all issued products and their liquidity across the fragmented landscape.

These updates are for product issuers to monitor the evolving European ETP landscape, for market makers to gain an insight into primary and secondary market liquidity, and for buy-side investors to see new investment opportunities.

ETFbook consolidates European-domiciled ETF/ETP/ETC (incl. Crypto ETPs) data to provide analytics, leveraging granular fund classification, delivered via an API and modern interactive web application. The core delivery includes performance and risk metrics, as well as daily estimation of primary flow activities at any level of aggregation from single product through asset subclasses or benchmarks, to ESG solutions.
